In 2019, 4.86 billion cases of skin diseases were reported globally. With these diseases come physical and psychosocial burdens including stigmatization, persecution and mental health challenges.

GlobalSkin is committed to improving patients' lives by:

Elevating the voice of the global dermatology patient community.

Championing the common interests of people affected by dermatological conditions globally.

Uniting global dermatology stakeholders to bring about transformative change for patients.

Work with us to achieve our vision.
